September 1, 2021

Dear CSD Community,

I am excited to welcome you back to the 2021-2022 school year! The district is offering full-time online options for some families and students who may not feel comfortable attending in-person. We understand that the in-person instruction may not work for some families, and we acknowledge that the district needs to have other options available to those students and families. Previously, the district invited [CSD families to take a short survey](#). The district has some options for virtual learning, and now it is important to determine what students would need for enrollment for those families who choose to look at other options. The district has two programs for each family to look at online. The deadline to enroll in the program will be September 17th at noon. Students who choose the online option will need to commit for the entire semester. Families may change their decision at the semester mark, if they feel it is in the student's best interest. Please contact your school office for more information.

- Edgenuity is set up for the K-5 elementary school
- Stride is set up for the middle and high school

I appreciate your feedback and support in this challenging time. [Link to Survey](#)

I look forward to welcoming you and all of our students back in a few weeks.

Sincerely,

Dave Kline
Superintendent
