

Health services now offered in Colton School District

Clackamas County Health Centers offers medical and behavioral health services by qualified professionals, who focus on preventing illness and promoting healthy behaviors. These services are offered to children from birth to 18 years of age who live in the district

Benefits of the clinic include:

- Improved access to quality physical, mental and preventive health services
- The convenience of health care access right here in Colton
- Ensuring services are age-appropriate
- Saving parents time by reducing missed work hours
- Keeping students in class and ready to learn

The office is located at Colton High School and will be open from 9 a.m. to 1 p.m. every Thursday when school is in session.

Call 503-655-8471 to make an appointment.
