

Colton Families,

As we have reached the long awaited reopening of athletics, I would like to give you an overview of the process and the upcoming training seasons. First and foremost, safety of our athletes and coaches is the #1 priority. Participation during this reopening is **completely optional**. We will have hand sanitizer, no-touch thermometers, and masks at each facility. At all times, athletes and coaches will be required to wear masks and practice social distancing. Athletes will need to check in at the facility with the coach, and will need to undergo a visual screening from the coaching staff regarding any COVID symptoms or exposure. Athletes are also required to have a valid physical on file before participation in sports. Please call the CMS office with any questions regarding physicals.

OSAA released that the time frame we are now in is considered "Season 1" and is the start of the reopening process of facilities and schools. For the most efficient and fair usage of our facilities, we have split the rest of "Season 1" into three mini seasons. Most of the schools around the state have taken this approach as well. The breakdown of the **Season 1** is as follows:

Session 1: October 26 - November 12	(No CMS Sports at this time)
Session 2: November 16 - December 3	(CMS Football, Volleyball)
Session 3: December 9 - December 25	(CMS Basketball)

The practice times will be subject to the coach, but must take place between 4:00 pm - 7:30 pm Monday through Thursday. Facilities associated with the sport whose season it is will be the only ones open. For example, the gym will not be open during Season 1 for non softball/baseball/track athletes to use.

We ask that parents do not attend practices, and there will be no gathering, socializing, or hanging out at the facilities after practice is complete (parents, athletes, etc.). It is recommended that students go home directly after practice and shower.

I'm excited to include CMS in the reopening of athletics. If there are any questions or concerns please feel free to contact me.

Regards,

Shawn Murray
